VIHUELA DE ARCO FOR SALE

As I am no longer performing in public *(for health and age reasons)* I am selling my beautiful Vihuela de Arco made by Merion Attwood. It comes complete with a bow, hard case and stand. It has 5 gut strings which are tuned to CGCGG *(the lowest C corresponding to the bottom string of a modern viola)* – the top two strings are tuned to the same G. It is ideal for using it as a drone instrument. It can be viewed in Herefordshire
